# REFORMS IN VOCATIONAL AND TECHNICAL EDUCATION

- Within the context of re-structuring of vocational and technical education, our government have invested **9.417 Billion €** (**165.9 Million €** as foreign resources and **9.251 Billion €** as national resources) **since 2003**.
- Almost 99 % of TVET is given by State.
- TVET is given in Apperanticeship Center, Secondary Education and Post Secondary Education.
- MoNE and Council of Higher Education are responsible for TVET.

# REFORMS IN VOCATIONAL AND TECHNICAL EDUCATION

## CURRICULUM

Prepared in line with internationally-valid vocational tools and standards such as **EQF, ECVET, EQAVET, EUROPASS, ISCO'88, ISCED'97 and FOET.**

Prepared in **cooperation with NGOs, commerce unions, Council of Higher Education, universities, Ministry of Development, other related ministries, and Vocational Qualifications Authority.**

## RESULTED WITH

In both TVET high school and post-secondary education, about **9000 modules** are applied.

Education is provided in **60 fields** and **226 branches** in the TVET schools.

# COOPERATION

- Under the scope of restructuring process of TVET, all steps are going to be designed in line with the current demands of the market.
- To build a perfect match between TVET and the market demands, as the government, we are planing to built cooperation with Economic Chambers and related NGO's in **administration and financial support of TVET.**

*Vocational Qualifications Authority (VQA)* is an **independent** institution and it has an **authority** in the field of qualifications.

- National QF will be Finished at the end of 2012
- VQA has **accredited** itself with the European Union.
- It determines the **vocational standards** in collaboration with the MoNE, the representatives of sectors, NGOs and so forth.
- VQA **measures** vocational qualifications.
- Results of VQA studies have to be integrated into the curriculum of TVET by MoNE.
