

IPRED Action Plan

Action Number (Previous Number)	Action	Lead Country or Agency
Action I (1)	Development of database to contribute to field investigations (database related to anti-seismic performance, etc.)	IISEE-BRI
Action II (2)	Establishment of a system for post-earthquake field investigations	UNESCO
Action III (6)	Promotion of sharing engineering data on structural testing, soil properties, etc.	IISEE-BRI
Action IV (7)	Promotion of ground motion observation network and the data sharing	IISEE-BRI
Action V (12):	Dissemination of IPRED activities including expanding members through International/regional events related to <u>seismology or earthquake engineering</u>	UNESCO
Action VI (15)	Translation of building codes, standards and guidelines into other languages (Arabic, Spanish, Bahasa Indonesia, Other UN Language)	Egypt
Action VII	Promotion of Land Use Control based on the Seismic Hazard/Risk Assessment using the newest knowledge of <u>Geology, Geophysics, Seismology, Geography, Soil Dynamics and Earthquake Engineering.</u>	Romania
Action VIII	Promotion of the observation and Study for Structural Health Monitoring against Earthquake and Ageing using <u>Strong Motion and Ambient Vibration.</u>	Peru
Action IX	Promotion of Seismic Evaluation for Strengthening and Retrofit as well as the Guideline and Training for Professionals and Non-Professionals and the strategy for dissemination.	El Salvador
Action X	Promotion of Innovation and Dissemination of Technology of Seismic Safety for buildings.	Chile
Action XI	Promotion of the Studies of Ground Motion Parameters, Seismic Intensity, Characteristic of Human-Induced Earthquakes etc.	Kazakhstan
Action XII	Promotion of the information sharing on updating and implementation of building codes	Indonesia
Action XIII	Identification of good practices and Promotion of seismic microzonation techniques in cities on alluvial valleys and basins	Romania
Action XIV	Promotion of techniques for pre- and post-earthquake investigation for vulnerability assessment	Mexico
Action XV	Promotion of dissemination of Construction Management	Indonesia
Action XVI	Promotion of technical assistance for School Safety Assessment Project of UNESCO (VISUS)	El Salvador
