

**Congratulating Message from
President of The World Fellowship of Buddhists
on the 75th Anniversary of
The United Nations Educational, Scientific, and
Cultural Organization (UNESCO)**

Excellency,

On the auspicious occasion of the 75th anniversary of the United Nations Educational, Scientific, and Cultural Organization (UNESCO), on the 12th November 2021, the World Fellowship of Buddhists (The WFB) would like to congratulate the organization for its successful works and commendable contributions to the world's well-being and prosperity.

The WFB and the UNESCO have been in close cooperation, since the early stage of their existence, for the world's knowledge and enlightenment on religious matters, cultural awareness and understanding of the peoples in the diverse parts of the world, and the perceptiveness and application of the fast growing and disruptive technological advancement and scientific progress.

The WFB is resolute in its compassion, tolerance, wisdom, and other peaceful principles; and shall therefore continue its cooperation with the organization sharing these same principles on their collaborative works in the future.

Accept, Excellency, our renewed respect and cooperation.

Phan Wannamethee
President of the World Fellowship of Buddhists
